## DID YOU KNOW?

You can recycle your old **textiles like clothes, shoes, bedding and linens.**

### Here are some interesting facts about textile recycling:

- More than **15 million tons** of textile waste is generated in the United States annually. That averages out to approximately **80 pounds** per American per year. Yikes!
- The **average lifetime** of a textile is approximately **three years.**
- More than **70 percent** of the world's population uses secondhand clothing.
- About 50% of collected textile material is given a second life as secondhand clothing, 20% is used to produce polishing and cleaning cloths, and 26% is recycled into products like **insulation, upholstery, fiberboard, mattresses, or re-woven into new clothing.**
- The Tehama County/Red Bluff Landfill **recycled 14,020 pounds** of textiles in 2016. That's roughly 3.5 ounces per Tehama County resident. We can do better!

### Here's how you can give your clothing and other textile materials a new life:

- **Donate gently used items to a local charity, resident in-need or friend.**
- Bring worn out textile materials to the Tehama County/Red Bluff Landfill to be recycled. Segregated textiles are accepted for **FREE.**

---

### Questions?

Please call the Tehama County Solid Waste Management Agency at 528-1103, visit [www.tehamacountylandfill.com](http://www.tehamacountylandfill.com) or email us at [tehamacountyrecycles@co.tehama.ca.us](mailto:tehamacountyrecycles@co.tehama.ca.us).

As always, please **do not forget to recycle!**  
It's good for the County and good for the wallet.
