DID YOU KNOW?

Learning the facts about recycling paper will help you as you fulfill your part to keep Tehama County beautiful. You only need to look around you to see that paper is everywhere and of course, the need for it is essential. If we keep our minds focused on the desire to be friendly to our county and its resources, recycling will become important. After a while, we will be in the habit of recycling the paper we use in the course of a given day.

Statistics show the following:

- A typical office generates about one pound of paper per employee and that from that paper, 77 percent of what is wasted in offices across the county is recyclable.
- Most of the paper wasted is high grade paper.
- Using old paper to make new paper uses 30 to 50 percent less energy than making paper from trees.
- Pollution is also reduced by 95 percent when used paper is made into new sheets.
- 17 percent of all waste going to the Tehama County landfill is paper. Cutting down on paper waste will extend the life of our landfill.

How is recycled paper reused?

- Newspaper can be recycled into egg cartons, game boards, new newspaper, gift boxes, animal bedding, insulation and packaging material.
- Office paper is recycled into paper towels, tissue paper and toilet paper.

Recycling Saves:

According to various studies, resources are conserved when paper is recycled. For every ton of paper that is recycled, the following are saved:

- 17 trees
 - 275 pounds of sulfur
 - 350 pounds of limestone
 - 9,000 pounds of steam
 - 60,000 gallons of water
 - 225 kilowatt hours
 - 3.3 cubic yards of landfill space
-

Now that you know the facts about recycling paper, let's get out there and practice it!

Working together we can make a difference!

For more information on what is recyclable in Tehama County or other programs available to Tehama County businesses and residents, visit www.tehamacountylandfill.com or call 528-1103.

BEVERAGE CONTAINER RECYCLING... DONE RIGHT

No matter how you recycle, the County thanks you for your efforts. Here's a tip to maximize your recycling efforts the next time you finish a refreshing, cold beverage:

- Take your aluminum, glass and plastic beverage containers to your local recycling center for a **cash refund** (5 ¢ for containers less than 24 oz. and 10 ¢ for containers 24 oz. or larger).
- Toss your rinsed beverage containers into your **blue curbside recycling cart** with your other recyclables.

No matter what, you'll be conserving precious resources. For more information on beverage containers eligible for a cash refund, please visit www.calrecycle.ca.gov/bevcontainer/.

Questions?

Please call the Tehama County Solid Waste Management Agency at 528-1103, visit <http://www.tehamacountylandfill.com> or email us at tehamacountyrecycles@co.tehama.ca.us.

As always, please **do not forget to recycle!**
It's good for the County and good for the wallet.
