Spring Cleaning Tips

Protect your home and community from toxic pollution and reduce waste while cleaning! Here

are a few tips to consider:

- Clean with a reusable rag as opposed to single-use paper towel
- Use safer alternative cleaning solutions that you already have in your home, such as vinegar, baking soda, club soda and lemon juice
- Try grasscycling! Leave your clippings on the lawn; clippings decompose quickly for a natural fertilizer
- Unwanted but still useable items can be donated. Consider local charities and thrift stores, or log-on to reuse websites such as Freecycle.org and 1800recycling.com
