REUSE FACILITY MOVED TO NEW LOCATION

The Tehama County Solid Waste Management Agency's Reuse of Available Products (REAP) Facility has moved to its permanent location at 20000 Plymire Rd., Red Bluff. It will be open to the public starting Tuesday March 29th from 9:00 am until 4:00 pm.

The REAP Facility is open Tuesday through Friday from 9:00 am until 4:00 pm. The facility provides **free** products such as paints, stains, automotive fluids, cleaning products, and more to Tehama County residents that are at least 18 years old. Residents must sign a liability waiver and are limited to 5 items; exceptions may be made for large projects such as community events.

Agency staff collect these reusable products from the Household Hazardous Waste (HHW) Facility located at the Tehama County/Red Bluff Landfill. A quality assurance program is in place to ensure that these reuse products are fit for redistribution to the public. Items cannot be donated directly to the REAP facility. Items can be donated at HHW collection events that are held on select dates throughout the year at the Tehama County/Red Bluff Landfill and Corning Disposal. If you would like to donate items, please call 528-1103 or visit www.tehamacountylandfill.com for a list of HHW facility operating hours.
