INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of Supervisors and Grand Jury County of Tehama Red Bluff, California

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the County of Tehama, California, (County) as of and for the year ended June 30, 2018, and the related notes to the financial statements, which collectively comprise the County's basic financial statements and have issued our report thereon dated February 22, 2019.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the County's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, we do not express an opinion on the effectiveness of the County's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that have not been identified. We did identify certain deficiencies in internal control, described in the accompanying schedule of findings and questioned costs that we consider to be material weaknesses. (2018-002 and 2018-003)

To the Board of Supervisors and Grand Jury County of Tehama Red Bluff, California

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the County's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.

County's Responses to Findings

The County's responses to the findings identified in our audit are described in the management's corrective action plan. The County's responses were not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on them.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

To the Board of Supervisors and Grand Jury County of Tehama Red Bluff, California

Report on Compliance for Each Major Federal Program

We have audited the County of Tehama, California's (County) compliance with the types of compliance requirements described in the OMB Compliance Supplement that could have a direct and material effect on each of the County's major federal programs for the year ended June 30, 2018. The County's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the County's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the County's compliance.

To the Board of Supervisors and Grand Jury County of Tehama Red Bluff, California

Opinion on Each Major Federal Program

In our opinion, the County complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2018.

Report on Internal Control Over Compliance

Management of the County, is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the County's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that have not been identified. We identified certain deficiencies in internal control over compliance as described in the accompanying schedule of findings and questioned costs as item 2018-001 that we consider to be a material weakness.

To the Board of Supervisors and Grand Jury County of Tehama Red Bluff, California

The County's response to the internal control over compliance findings identified in our audit is described in the accompanying schedule of findings and questioned costs. The County's response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance

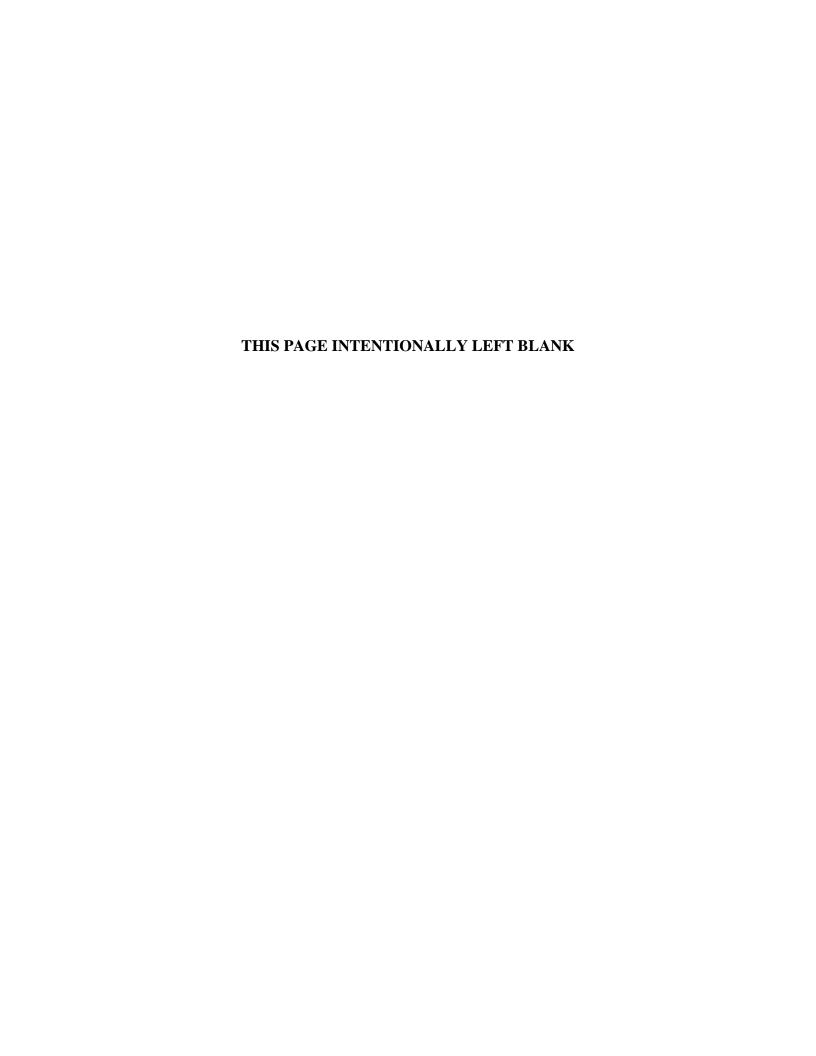

We have audited the financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the County of Tehama, California, as of and for the year ended June 30, 2018, and the related notes to the financial statements, which collectively comprise the County's basic financial statements. We issued our report thereon dated February 22, 2019, which contained unmodified opinions on those financial statements. Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by the Uniform Guidance and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated in all material respects in relation to the basic financial statements as a whole.

The supplemental schedules have not been subjected to auditing procedures applied in the audit of the basic financial statements, and accordingly, we express no opinion on them.

Notes to Schedule of Expenditures of Federal Awards For the Year Ended June 30, 2018

1. REPORTING ENTITY

The accompanying Schedule of Expenditures of Federal Awards presents the activity of all federal financial assistance programs of the County of Tehama, California. The County of Tehama reporting entity is defined in Note 1 to the County's basic financial statements. All federal awards received directly from federal agencies as well as federal awards passed through other government agencies are included in the Schedule of Expenditures of Federal Awards. The information from the schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Because the schedule presents only a selected portion of the operations of the County, it is not intended to and does not present the financial position, changes in net position or cash flows of the County.

2. BASIS OF ACCOUNTING

Basis of accounting refers to when revenues and expenditures or expenses are recognized in the accounts and reported in the financial statements, regardless of the measurement focus applied. The accompanying Schedule of Expenditures of Federal Awards, is presented using the modified accrual basis of accounting for grants accounted for in the governmental fund types and the accrual basis of accounting for grants accounted for in the proprietary fund types, as described in the notes to the County financial statements. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowed or are limited as to reimbursements.

3. INDIRECT COST RATE

The County has elected not to use the 10 percent de minimus indirect cost rate allowed under the Uniform Guidance.

4. RELATIONSHIP TO FEDERAL FINANCIAL REPORTS

The amounts reported in the accompanying Schedule of Expenditures of Federal Awards agree or can be reconciled with amounts reported in the related federal financial assistance reports.

5. RELATIONSHIP TO BASIC FINANCIAL STATEMENTS

The amounts reported in the accompanying Schedule of Expenditures of Federal Awards agree or can be reconciled with amounts reported in the County's basic financial statements.

6. PASS-THROUGH ENTITIES' IDENTIFYING NUMBER

When federal awards were received from a pass-through entity, the Schedule of Expenditures of Federal Awards shows, if available, the identifying number assigned by the pass-through entity. When no identifying number is shown, the County determined that no identifying number is assigned for the program or the County was unable to obtain an identifying number from the pass-through entity and the identifying number is shown as unknown.

Federal Grantor: U.S. Department of Transportation

U.S. Department of Health and Human Services

Pass Through Entity: State Department of Transportation

Award No.: Various Year: 2017-18

Condition

During our testing of major programs we noted that the Schedule of Federal Expenditures (SEFA) provided by the County at the beginning of audit fieldwork contained errors in the federal expenditures included on the SEFA. Expenditures included on the SEFA provided at the beginning of the audit were greater than actual expenditures by \$1,224,399 in the major programs listed above.

Cause

The County departments did not provide accurate information to include on the SEFA that was provided to us at the beginning of the audit.

Criteria

Good internal control over the SEFA requires that individual County departments provide accurate Federal expenditure information to the County Auditor in a timely manner.

Effect of Condition

The SEFA provided at the beginning of fieldwork was not materially correct and adjustments were needed to accurately reflect all Federal expenditures.

Questioned Cost

No costs are questioned.

Recommendation

We recommend that the County departments provide the County Auditor with accurate federal expenditure information prior to the beginning of audit fieldwork.

Views of Responsible Officials and Planned Corrective Actions

The County concurs. Refer to separate Management's Corrective Action Plan for views of responsible officials and management's responses.

Schedule of Findings and Questioned Costs For the Year Ended June 30, 2018

2018-002 Infrastructure (Material Weakness)

Condition

During our audit, we noted that support for infrastructure of the County and construction in progress related to infrastructure was not available.

Cause

The County road department does not have a system that tracks infrastructure projects in progress or keeps track of infrastructure owned by the County.

Criteria

Governmental accounting standards require that all infrastructure, including construction in progress related to infrastructure, be recorded on the County's financial statements. Good internal control requires that amounts recorded on the County's financial statements be supported by adequate documentation.

Effect of Condition

The amount by which this departure would affect the assets and net position of the government-wide financial statements of the County is not reasonably determinable.

Recommendation

We recommend that the County maintain a system that tracks all infrastructure owned by the County, including construction in progress related to infrastructure, and maintain adequate supporting documentation related to infrastructure.

2018-003 Schedule of Federal Expenditures (Material Weakness)

Condition

The Schedule of Federal Expenditures (SEFA) provided by the County at the beginning of audit fieldwork contained errors. The expenditures included on the SEFA at the beginning of the audit were greater than actual expenditures by approximately \$2.34 million.

Cause

County departments had not submitted information required for the Single Audit Report or had submitted incorrect information.

Criteria

Good internal control over the SEFA requires that individual County departments provide accurate information to the County auditor.

Schedule of Findings and Questioned Costs For the Year Ended June 30, 2018

2018-003 Schedule of Federal Expenditures (Material Weakness) (Continued)

Effect of Condition

The SEFA at the beginning of fieldwork was not materially correct and required adjustment.

Recommendation

We recommend that the County review the requirements of the Uniform Guidance to ensure that the expenditures reported on the SEFA are correctly stated.

STATUS OF PRIOR YEAR RECOMMENDATION

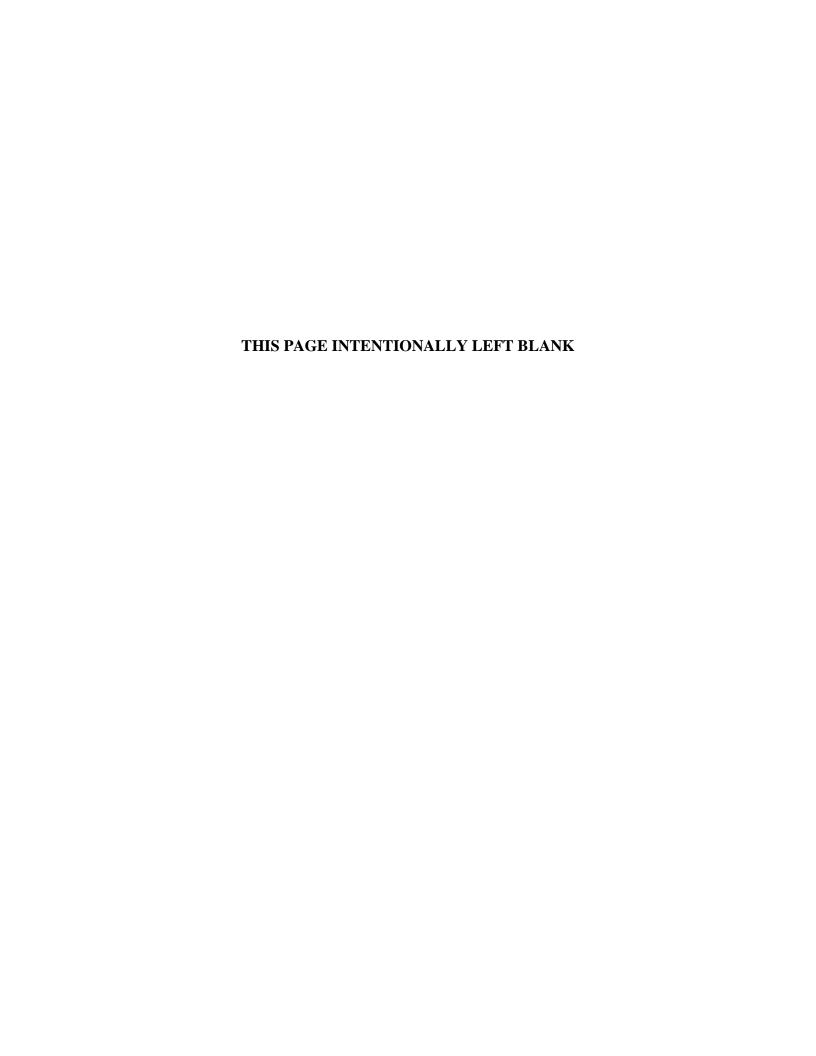

Adoption Assistance (Audit Reference: 2017-001)

Prior Year Recommendation

We recommend that the County incorporate into their monitoring process procedures to ensure that the AAP-4 documentation is maintained in each case file.

Status

Management's Corrective Action Plan (February 2, 2018) was implemented immediately upon receipt of the audit findings, and each aspect was completed within the identified timelines. Moreover, the addition of a new position focused specifically on communications, policy and procedures, quality assurance, stakeholder workgroups, etc. is being considered to further increase effectiveness of such monitoring process procedures.

Re: Management's Corrective Action Plan (2018-001)

Management's Corrective Action Plan For the Year Ended June 30, 2018

2018-001 Federal Expenditures

We recommend that the County departments provide the County Auditor with accurate federal expenditure information prior to the beginning of audit fieldwork.

Responsible Individual(s):

Deputy Director, Fiscal – Shelley Zimmerman Fiscal Analyst Supervisor – Shannon Conley

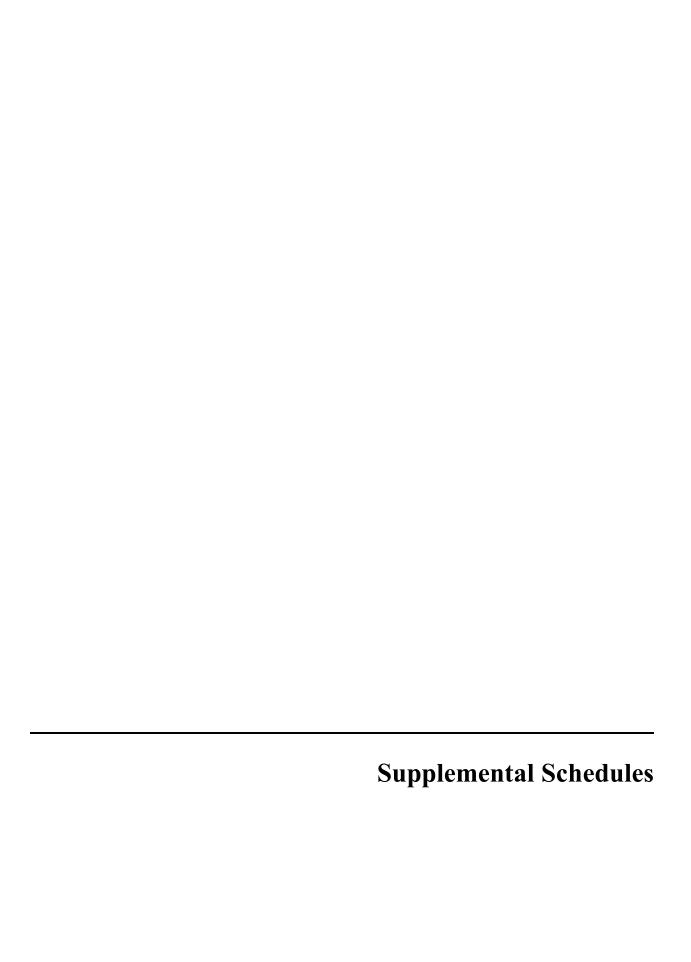

Corrective Action Plan:

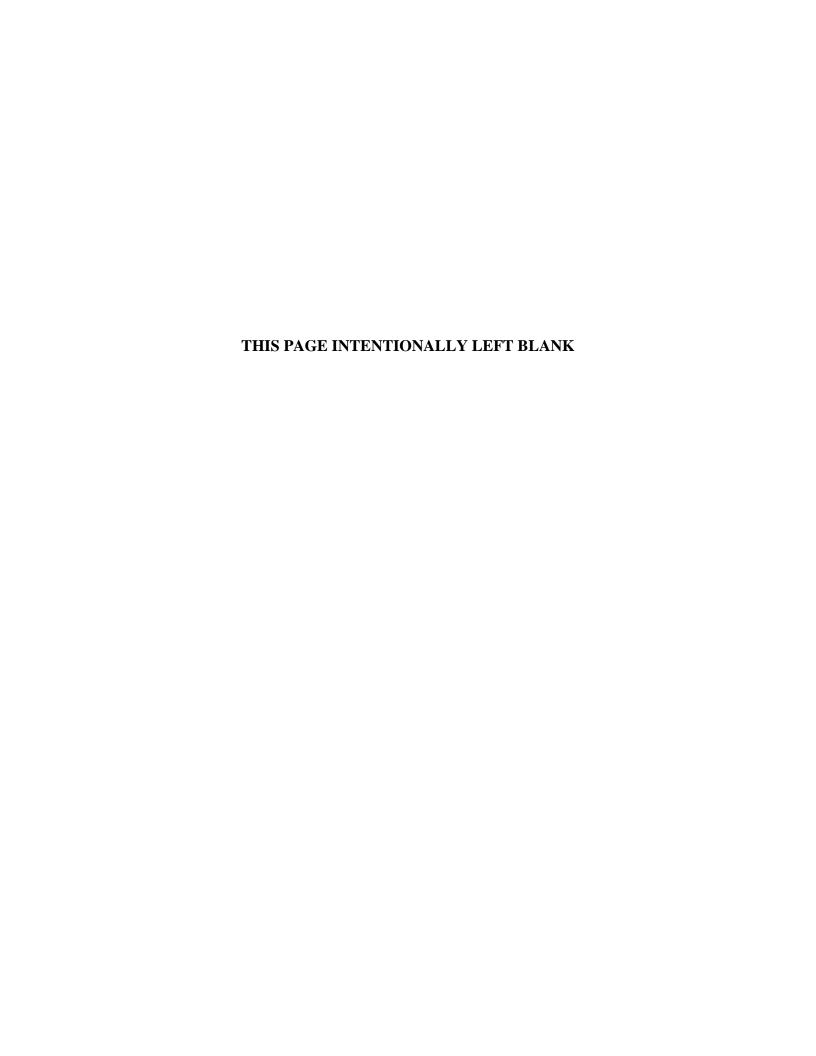

Social Services has reviewed the federal expenditures noted in the audit findings, specifically CalWORKs Assistance (TANF), and has already begun implementing a Corrective Action Plan. Social Services has been in communication with the County Auditor's Office to obtain further clarification on the process related to the separation of CalWORKs assistance expenditures claimed on the CA 800. While the methodology provided by the California Department of Social Services for calculating appropriate federal funding is understood, clarification is needed regarding the County Auditor's process and expectations related to future end-of-year reporting, as this is a new request which differs from prior end-of-year reporting processes.

It should be noted that at the time of end-of-year reporting, final sharing ratios are not available. Social Services is willing and able to calculate the breakdowns according to the estimated sharing ratios available in order to better identify the estimated federal expenditures prior to submission to the County Auditor; however, final and accurate federal expenditures cannot be calculated/reported until final sharing ratios are released, which is typically (6) months after the end-of-year reporting is due.

Anticipated Completion Date:

Social Services will continue to work with the County Auditor to better define the process and expectations related to reporting of the CalWORKs assistance expenditures claimed on the CA 800 in time to provide the County Auditor with accurate federal expenditure information prior to the beginning of audit fieldwork for fiscal year 2018/2019 (by June 30, 2019).
