DID YOU KNOW?

46% of Americans will exchange candy this Valentine's Day. Talk about a sugar rush! This year, make an effort to cut down on food wrapper waste by nixing the candy and giving the gift of experience. Not only will it be healthier, but the memories will last a lifetime.

In 2010, Americans purchased an estimated 198 MILLION roses for Valentine's Day, most of which were landfilled a short time later. This year, consider a potted flowering plant instead of a bouquet. Not only will it cut down on waste, but it will remind your special someone of you every time your Valentine looks at it.

The EPA estimates that 90% of all packaging is sent to landfills after just one use. What a waste! This year, consider locally produced food when planning your romantic dinner for two. Locally grown food tends to be healthier for you and have less packaging. Plus, you'll be supporting our local economy. Now that's love!

BEVERAGE CONTAINER RECYCLING... DONE RIGHT

No matter how you recycle, the County thanks you for your efforts. Here's a tip to maximize your recycling effort the next time you finish a refreshing, cold beverage:

- Take your aluminum, glass and plastic beverage containers to your local recycling center for a **cash refund** (5 ¢ for containers less than 24 oz. and 10 ¢ for containers 24 oz. or larger).
- Toss your rinsed beverage containers into your **blue curbside recycling cart** with your other recyclables.

No matter what, you'll be conserving precious resources. For more information on beverage containers eligible for a cash refund, please visit www.calrecycle.ca.gov/bevcontainer/.

Questions?

Please call the Tehama County Solid Waste Management Agency at 528-1103, visit <http://www.tehamacountylandfill.com> or email us at tehamacountyrecycles@co.tehama.ca.us.

As always, please **do not forget to recycle!**
It's good for the County and good for the wallet.
