

FOR IMMEDIATE RELEASE:

Date: August 6, 2013

Free - Recycling during your Next Event!

In partnership with GreenWaste of Tehama, the Tehama County Sanitary Landfill Agency (Agency) offers FREE recycling collection cart rentals during events held throughout Tehama County.* The FREE recycling collection cart rental is ideal for local events such as a school fair, family reunion, birthday bash, wedding reception, anniversary celebration, fundraiser, tournament, community of faith gatherings, and more.

As fun as festivities are, post event cleanup is time consuming and more often than not, unpleasant. Events generate a LOT of unwanted materials in its wake resulting in dumpsters full of bottles, cups, flyers, food scraps, and more stuff to be disposed. A large amount of these materials are not waste at all, but resources worth collecting for recycling. A little bit of pre-event planning can ease cleanup and keep valuable recyclables from ending up in the Tehama County Landfill. Common recyclables from events include plastic (#1-7, no styrofoam), glass and aluminum beverage containers, cardboard, food cans, jars and trays, and paper.

Make a subtle and profound impact during your next event, offer recycling! Recycling enhances events by conserving resources and has a positive impact in our community. To receive free recycling cart event rentals contact the Agency at 528-1103. A simple request form is to be filled out and returned to the Agency 2 weeks prior to the event date. The form and more waste reduction tips are posted on the Agency's website at www.tehamacountylandfill.com.

*Please note, events held in the City of Corning are not eligible, contact Waste Management for event recycling options at 824-4700.
