

Why Recycle?

Why Join?

It's Easy and Free!

Tehama County Smart Business Alliance

Waste disposal is expensive. Recycling is cheaper.

Because it makes good business sense.

- Recycling offers opportunities to **save money**.
- Recycling recovers valuable materials.
- Recycling creates jobs in California by providing materials for recycling manufacturing facilities.
- Recycling helps create a healthy environment for the community and future generations.

AB 341 Compliance. State law **requires** businesses generating four or more cubic yards of waste per week to have a recycling program in place. The Smart Business Alliance provides the tools and resources to implement a successful recycling program.

Statewide evidence shows businesses that participate in similar programs:

- Expand their Customer Base
- Lower their Overhead Costs
- Enhance their Public Image (through a publicly recognized certification program)
- Reduce their Regulatory Burden
- Reduce their Environmental Impact

Receive Three Months of Recycling Service at no cost (except in the City of Corning) and FREE recognition in local newspapers & the Chamber of Commerce
